**GULF COAST MEDICAL CENTERS ONCE AGAIN
AWARDED ACCREDITATION FROM THE JOINT COMMISSION**

PORT RICHEY, Fla., March 21, 2017 – Gulf Coast Medical Center has once again earned The Joint Commission’s Gold Seal of Approval by demonstrating compliance with the organization’s national standards for health care quality and safety.

By achieving this accreditation, Gulf Coast Medical Center proves its voluntary compliance with the state-of-the-art performance standards required for the Ambulatory Care Accreditation Program.

“Gulf Coast Medical Center is committed to providing high-quality care to our community,” says Dr. Steven Strobbe, owner. “Obtaining The Joint Commission accreditation enforces an organization-wide core belief in offering our patients safe, cutting edge treatment and services. The community should be proud that Gulf Coast Medical Center is focusing on the most challenging goal—to continuously raise quality and safety to higher levels in the medical office setting.”

With two locations in Port Richey, Fla., one in Hudson and one in Spring Hill, Fla., privately-owned Gulf Coast Medical Center is a leader in out-patient multi-specialty medical services. Serving the West Pasco area since 1982, The Joint Commission, ACR and COLA accredited and NCQA recognized facilities combine comfort with technology to offer patients an exceptional medical experience.
